

Mandatory Electronic Thesis or Dissertation (ETD) of Master and PhD Theses

As of April 1, 2007
all Masters theses and PhD dissertations must be submitted to the
ETD site

<http://library2.usask.ca/etd>

ETD Procedure

- ◆ Convert final, approved version of thesis or dissertation to Adobe PDF
- ◆ Go to ETD website
- ◆ Set up a username and password (similar to setting up a hotmail account)
- ◆ Log in
- ◆ Enter fields with biographical information
- ◆ Attach PDF of thesis
- ◆ Click on “submit” button
- ◆ Wait for “Approved” email

If a thesis is formatted correctly, you will receive an automated “approved” email (this is also sent to your committee members email addresses). If there are issues that need to be addressed, you will receive an email identifying changes that need to be made.

We strongly suggest you use your “mail.usask.ca” email for faster service when submitting an ETD.
