

INSTRUCTOR

DR. SOO KIM

BScPT, PhD

**Associate Professor
& Clinical Anatomist**

MARCH 1, 2019

1PM - 5PM

Clinical Anatomy Update

Target Audience: PTs, OTs and Kinesiologists

This course is developed to provide clinicians with a hands-on opportunity to review the anatomy of the upper quadrant in the anatomy lab on cadaveric specimens. The course will provide a unique opportunity to return to the basics but to review the anatomy with a lens of an experienced clinician.

**COURSE HOSTED BY
