THINK!

YOUR SUSTAINABLE SOLUTION FOR THE PRINT ROOM

INTERIORS | **TECHNOLOGY** | OFFICE SUPPLIES | PROFESSIONAL SERVICES | FACILITY SUPPLIES | IMAGING

THINK BEFORE THROWING IT AWAY

*Over 350 million ink and toner cartridges are discarded into North American landfills—with that number rising by 12% annually...**

The growing demands of today's fast-paced business world means that offices everywhere are consuming increased amounts of supplies.

In fact, **one-third** of our national waste comes from plastics and other materials used in the office*. And a large contributing part to that waste—decomposing ink and toner cartridges.

That's what got us thinking.

As Canada's leading provider of complete office solutions, it put us in a good position to help businesses minimize their environmental impact, especially in areas such as the print room, where supply consumption tends to be the highest.

THINK ABOUT MAKING A DIFFERENCE

Reducing your company's contribution to landfill waste is simple... all you have to do is **choose** to THINK!

THINK! is Grand & Toy's ink and toner recycling solution for the office where we'll collect your empty ink and toner cartridges and remanufacture them where possible—recycling all others that cannot go through the remanufacturing process.

THE GREEN BENEFIT AND BEYOND

Besides offering your business environmental printing alternatives, Grand & Toy's private label remanufactured cartridges (pictured below) are 100% guaranteed to perform to your satisfaction. They are manufactured under stringent quality control standards to assure performance that equals or exceeds original equipment, and at very attractive prices.

The total weight of ink and toner cartridges thrown away each year from photocopiers and printers is equivalent to 57,612 Ford Explorers

SUSTAINABLE THINKING STARTS WITH YOU...

Become more proactive in environmental conservation by taking the steps necessary to reduce the need for new materials.

Challenge yourself, your co-workers—even your business associates to **THINK!** The more you recycle now, the more natural resources and energy are conserved for generations to come.

Together **we can** make a world of difference.

IT'S SIMPLE

Go to grandandtoy.com/think to set-up an ink and toner recycling program that meets the **specific** needs of your business.

IT'S SMART

By choosing **THINK!** you'll be setting the environmental trend for other businesses to follow.

IT'S SATISFYING

You'll be doing your part to help reduce landfill waste and affect positive environmental change—definitely something to feel good about!

...**THINK** ABOUT SIGNING UP TODAY!

The plastic discarded from an empty ink and toner cartridge is industrial grade and will take more than 1,000 years to decompose...

THE THINKING PROCESS

Ever wonder what happens to those empty ink and toner cartridges after you've dropped them off for recycling?

Check out our video online at grandandtoy.com/think for more information on our remanufacturing process.

THINKING ABOUT BEING MORE SUSTAINABLE?

LOOK TO US FOR SMART SOLUTIONS!

In today's marketplace, being sustainable is not just the right thing to do—it is expected.

Grand & Toy offers a complete portfolio of smart business solutions that will not only help you to operate more sustainably, but also more cost-effectively.

From the latest technology, office interiors, and facility supplies, to print and promotional solutions and a range of business services, we offer the ability to eliminate the time and cost associated with multiple suppliers—and the end result, a smart, more efficient way to work.

Less wasted:
time, money, resources

And all it takes is to simply 'THINK' about looking to Grand & Toy for sustainable solutions.
