Department of Computer Science

Assistant Professor in Computer Science/Computer Graphics

Applications are invited for a tenure-track faculty position at the Assistant Professor level in Computer Science/Computer Graphics. The appointment will commence July 1, 2012. We are seeking an outstanding entry-level faculty candidate in the areas of Computer Graphics/Multimedia/Visualization. The individual will have an opportunity to contribute to our multi-disciplinary initiatives in health, synchrotron science, high performance computing, digital humanities, and human-computer interaction. We will also seriously consider outstanding candidates in software engineering. The successful candidate will contribute to our CIPS accredited degree programs, including our Software Engineering program, and to programs within the College of Engineering. Applications must have a PhD in computer science or equivalent.

The Department of Computer Science is highly respected locally, nationally, and internationally for the quality of its academic programs and research. The Department is also known for its collegiality and supportive environment and is home to a diverse collection of vigorous research programs. It offers graduate programs at the MSc and PhD levels with about 120 graduate students enrolled. It has professional accredited undergraduate programs in Computer Science and Software Engineering.

The University of Saskatchewan is located in Saskatoon, Saskatchewan, a city with a diverse and thriving economic base, a vibrant community and a full range of leisure opportunities. The University has a reputation for excellence in teaching, research and scholarly activities and offers a full range of undergraduate graduate and professional programs to a student population of about 20,000. The University of Saskatchewan is one of Canada's leading research-intensive universities.

The College of Arts and Science offers a dynamic combination of programs in the humanities and fine arts, the social sciences and the sciences. There are more than 8,000 graduate and undergraduate students in the College and 325 faculty, including 14 Canada Research Chairs. The College emphasizes student and faculty research, interdisciplinary programs, community outreach and international opportunities.

The successful candidate will demonstrate excellence or promise of excellence in teaching and graduate supervision, as well as the ability to independently build a vigorous, externally-funded research program.

Applications will be accepted until March 15, 2012.

Please send applications to:

Ms. L. Gesy
