- NEPS 292.3, Health Challenges I: Clinical
- NEPS 293.3, Health Challenges II: Theory
- NEPS 294.3, Health Challenges II: Clinical

*Transcripts for graduates from other Practical Nursing programs will be evaluated on an individual basis to determine transfer credit. Evaluation may require the applicant providing detailed course outlines from their practical nursing program to determine transfer credit.*

For graduates of the SIAST PN program of 2008 to the present, there may be a special 'LPN Bridging Option' available at the SIAST Wascana site beginning January 2010. Please check with SIAST Registration at 1-866-467-4278 for admission details.

### 3. Is there any credit for the Anatomy and Physiology I took in the Practical Nursing Program?

Practical Nursing graduates are eligible to take *NURS 117, Introduction to the Human Body* completion course which bridges the Anatomy and Physiology course taken in the Practical Nursing Program to the level of the NEPS courses *NEPS 118.3 Introduction to the Human Body I; NEPS 119.3 Introduction to the Human Body II*. This course is available by distance from SIAST. These courses are also available as Prior Learning Assessment and Recognition (PLAR) at SIAST." For information call: SIAST Registration at 1-866-467-4278.

#### 4. Are any courses I need to take available by distance?

Yes, available on-line/distance are:

- NURS 117.4 Introduction to the Human Body, is a print-based course available by distance.
- NEPS 112.3 Development of Self
- NEPS 113.3 Nursing: An Evolving Profession
- NEPS 116.3 Introduction to Health Concepts
- NEPS 216.3 Healthy Growth and Development

It may also be possible to access non-nursing courses by distance from the College of Nursing, University of Saskatchewan, Athabasca University, or other post secondary institutions. Check with an advisor prior to enrolling in any course.

#### 5. How long is it going to take me to complete the program?

It will take you between 3 and 4 years to complete the program. You will receive transfer of credit for some courses in Year 1 and 2 of the program therefore you will not be carrying a full course load in these years.

There is an opportunity for students to choose an earlier completion option if attending NEPS at the Regina or Saskatoon site. In order to be eligible for earlier completion, students must have completed all of their non-nursing courses (that is, those not labeled NEPS) by the end of Year 3 and have maintained a specific program average.

#### 6. I need to continue working as an LPN to finance my education. Is part time study an option?

Yes, part time study is an option. The NEPS must be completed within 7 years of taking the first nursing course. See an academic advisor to plan your part time study to ensure your plan takes course pre-requisites as well as scheduling into consideration.

### PROGRAM INFORMATION:

The Nursing Education Program of Saskatchewan (NEPS) is a collaborative venture of the Nursing Division, Saskatchewan Institute of Applied Science and Technology (Wascana & Kelsey Campuses), University of Saskatchewan College of Nursing, and the First Nations University of Canada. NEPS is a four year degree program offered in Saskatoon, Regina, and Prince Albert.

#### Tuition and Book Fees

- Tuition is approximately \$500.00 per 3 credit unit course
- Books and supplies are approximately \$1,500.00 /year

#### Registration Process

- Apply at your choice of program delivery site: SIAST Registration (for Saskatoon or Regina), or First Nations University of Canada Northern Campus (Prince Albert).
- Applications are accepted between **October 1 and January 15** for fall entrance
- Admission is competitive.

#### Program Overview

The curriculum is designed to educate nurses who will practice in the direct care role within the framework of primary health care. It is developed around core concepts derived from nursing, social and life sciences. There is a strong clinical component. Implementation approaches are based on humanism, critical theory, and phenomenology. Themes of health care, caring, ethics, diversity, and critical thinking run through all nursing courses.
