

A JOURNEY BEGINS WITH A SINGLE STEP

It is said that a journey of a thousand miles begins with a single step. The college took its first step in September 1913 when the School of Pharmacy was established at the U of S. In the past 100 years, the college has graduated 4,500 students who have helped shape health-care in the province of Saskatchewan and beyond. Throughout 2013-2014, the college will be celebrating our past while envisioning our future. We would like to invite all of you to share in our vision.

The *College of Pharmacy and Nutrition Centennial Legacy Fund* has been established to ensure our pharmacy and nutrition students have the best educational experience possible. We have set a goal of raising \$250,000 for the

Centennial Legacy Fund and with your gift of \$100 or more we will reach our goal and ensure the legacy takes the next step forward.

For our students, their first step is coming to the U of S to pursue their interests in health-care and fulfill their ambitions in life. Your commitment helps foster a community of support for pharmacy and nutrition and gives students like Brennan opportunities to grow, learn and move closer to their educational and career goals. Please consider giving to the *College's Centennial Legacy Fund*—your gift is the extra support our students need on their incredible journey at the College of Pharmacy and Nutrition and beyond. That journey begins with you right now.

How to give.

- Complete and return the enclosed pledge card to:
Advancement and Community Engagement, University of Saskatchewan
501-121 Research Drive, Saskatoon, SK S7N 1K2
- Make a secure gift online at give.usask.ca/students
- Phone 1-800-699-1907 to make a gift by credit card
- Visit give.usask.ca/students to learn more about where you can direct your gift

For more information, please contact Advancement and Community Engagement by phone at 306-966-5186 or toll-free at 1-800-699-1907 or email giving@usask.ca

Thank you!

ANNUAL CAMPAIGN FOR STUDENTS 2013-14

HONOURING OUR PAST, SHAPING OUR FUTURE

UNIVERSITY OF
SASKATCHEWAN

100 YEARS
PHARMACY
AND NUTRITION

Your gift helps students on their journey toward a fulfilling career as tomorrow's health-care leaders.

Your gift to the Annual Campaign for Students 2013-14 will support the *College of Pharmacy and Nutrition's Centennial Legacy Fund* and makes a difference to deserving students immediately.

Your gift not only helps students in need of financial support, but also rewards exceptional accomplishments, promotes leadership abilities, and gives students peace of mind and confidence.

Receiving a scholarship makes a world of difference

Brennan Bosch, **third year pharmacy student** and 2012-2013 scholarship recipient.

"I always knew that I wanted to make a difference in people's lives, so pursuing a career in health-care was a natural fit for me. As a pharmacy student at the U of S, I have the opportunity to walk in the shoes of those who came before me and to continue building the tradition of exceptional U of S pharmacy alumni."

"After playing hockey with the Medicine Hat Tigers for four years, it was time to come home. Being from Martensville, I knew that the U of S was an exceptional university where I could play for the U of S Huskie men's hockey team while pursuing my education. My uncle graduated with a Bachelor of Science in Pharmacy (BSP) in 1975, and, as a result, pharmacy and being part of the health-care team came naturally to me."

"In 2012-13, I received the *Dennis and Sharon Johnson Family College of Pharmacy and Nutrition Huskie Hockey Scholarship*. It was an honour for me to receive a scholarship from BSP and Huskie Athletics alumni. It has allowed me to focus on my studies and, without this help, I don't think I would have been able to be team captain for the Huskies last year."

This year, the *Annual Campaign for Students* will focus on the *Centennial Legacy Fund* which will be used to establish scholarships and bursaries for pharmacy and nutrition students. Our college is creating the next generation of exceptional health-care professionals with your generous support.

Giving back to give students the best opportunities

Bill Wilson, **BSP 1969 alumnus**, established the *Bill and Sharon Wilson Practice Experience Fund* in the college.

Since graduating with a BSP in 1969, Bill has been a strong supporter of the College of Pharmacy and Nutrition. After graduation, he moved to Ontario where he completed a residency program in hospital pharmacy. His career has been primarily involved in hospital pharmacy practice as an administrator—he is currently the director of pharmacy at Mount Sinai Hospital in Toronto. He also serves as a lecturer at the Leslie Dan Faculty of Pharmacy in Toronto.

"I have long been a strong advocate of patient care as well as a strong believer in both the value of education and its positive impact on society. I also believe that financial barriers should not prevent people from realizing their aspirations of higher education. This belief led to the creation of the *Bill and Sharon Wilson Practice Experience Fund*, a fund that is

used to provide financial support to assist undergraduate students in their final year of study with the costs associated with their pharmacy rotations or nutrition internships."

"Through serving on both the Centennial Planning Committee and the Fundraising Sub-Committee for the college, I have seen firsthand the amount of care and dedication that has gone into ensuring the success of the Centennial Year and its celebration of the college's legacy. Starting this year, alumni will have the opportunity to contribute to the *Centennial Legacy Fund*. With your generous support, this legacy of creating exceptional health-care professionals will be carried over as the college's first century comes to a close and maintained well into the next one."
