

Get on the **Fast Track** with **Four-Week Compressed Courses**

ENVS 898 Multi-level Environmental Governance (NEW!) January 2012

ENVS 898 Legal Issues and the Environment February 2012

ENVS 898 Biodiversity Conservation and Sustainability February 2012

ENVS 804 Decision Making for Environment and Sustainability March 2012

ENVS 898 Case Studies in Sustainability (NEW!) April 2012

Compressed courses offer many advantages:

- Facilitates student exchange to partner schools overseas with similar course formats
- Allows for in-depth concentration and study on one topic at a time
- Provides more time for proposal writing and field work
- Offers the opportunity to complete programs more quickly
