Connecting with the world

The International Blueprint for Action 2025 — a vision for a globally significant university

Global problems cannot be solved by only thinking and acting locally. Moreover, the world is evolving, and so is the University of Saskatchewan. The University of Saskatchewan is well-positioned to contribute to the global needs of our society, and we will prepare our students, faculty and staff to appreciate, ask and then address society’s most important challenges. Our academic excellence, partnered with international engagement and activity, will secure our global presence and enhance the university’s impact in the world in which we live and share.

The University Plan 2025 highlights the importance of interdisciplinary and collaborative approaches to discovery, Indigenization, teaching and learning, and community engagement. The International Blueprint for Action 2025 amplifies the university plan by focusing and enhancing our efforts across these same themes through an internationalization strategy and goals distinctive of a truly world-class university.

The strong linkage between the key threads of the university plan and key themes of the international blueprint is highlighted through the four pillars of this strategy:

1. Internationalizing learning experiences;
2. Diversifying our university community;
3. Strengthening our global impact through discovery; and
4. Growing our global citizenship and international community service.
A hallmark of a world-class university is student learning that offers international learning opportunities aimed at developing informed global citizens. Internationalizing our learning experiences is about providing diverse international opportunities for students, both inside and outside the classroom. Through proactive support of colleges/schools, administrative units, student groups and individual students, the University of Saskatchewan opens the door for greater and equitable participation of students in educational experiences outside of Canada.
